

**We can make you well-known in the institutions of your choice.**

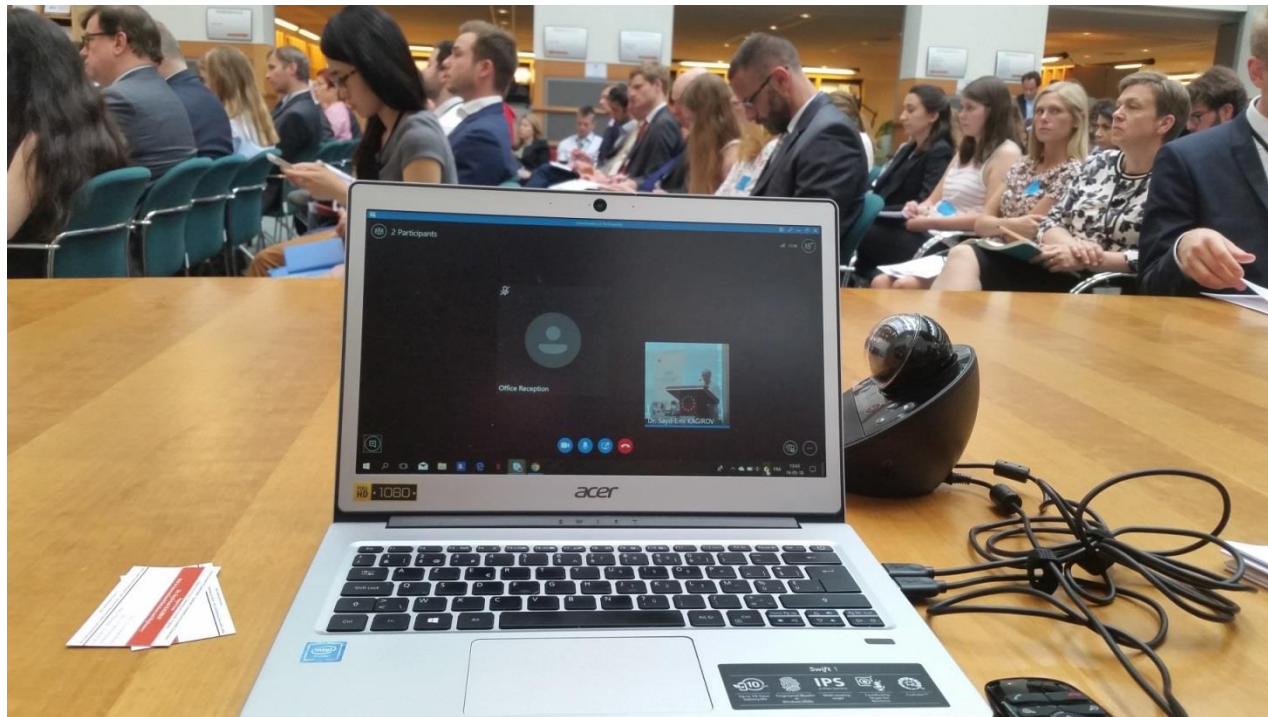

## **Online Face-to-Face Presence at Business and Scientific Events How does it work?**

Our local moderators will ensure your online, face-to-face presence at events, using a notebook and conferencing cam through Office-365 at [www.worldvipnet.com](http://www.worldvipnet.com)

You will be able to speak (negotiate) face-to-face, or your question will be transmitted to the speakers or other participants by the moderator, following the event's regulations. Our moderators will arrange online face-to-face appointments with the onsite participants. You can conclude a retainer agreement (optional). It often happens not foreseen activities which are not planned by the Network – translation, interpretation, urgent online, face-to-face meetings, negotiations, or online face-to-face consulting with business/scientific experts.

[Membership in Brief and the prices for the online, face-to-face presence](#)

[Follow our online, face-to-face events or schedule your events for live streaming on our platform.](#)

**European Parliamentary Research Service's Event - Brussels**

**Our moderators can organize your exhibition stand at the business and scientific forums and ensure your online, face-to-face presence at the events. Thus, you can promote your products & services yourself from a distance, saving money on flights and hotels.**

**EC - European Union Sustainable Energy Week (EUSEW) 2018**
